

# LH-311W

## Submersible pump 3", high pressure

Curve Q-H

Type	: Tsurumi, LH311W
Applications	: clear water, slightly muddy or gritty water, ...
Motor	: 3 x 400 V, 50 Hz
Power output	: 13,6 kW at 2.850 rpm
Nominal current	: 22 A
Free impeller passage	: 8,5 mm
Weight	: 130 kg ( without cable )
Height	: 1.024 mm
Diameter	: Ø 270 mm
Coupling	: discharge side : DIN flange 3" PN10/16
Characteristics	: durable, hardwearing compact, slim-line contractor pump
Equipment	: 20 m power cable start- stop switch with thermo-magnetic motor protection, phase swap plug 32A 5p
